

International Advisory Board

The Alexander von Humboldt Foundation is a non-profit foundation established by the Federal Republic of Germany for the promotion of international research cooperation. It enables highly qualified scholars not resident in Germany to spend extended periods of research in Germany and promotes the ensuing academic contacts. The Humboldt Foundation promotes an active world-wide network of scholars. Individual sponsorship during periods spent in Germany and longstanding follow-up contacts have been hallmarks of the foundation's work since 1953.

The International Advisory Board of the Alexander von Humboldt Foundation is an international expert group which was established in 2007 as part of the Alexander von Humboldt Foundation's bid for top-level quality also in its own procedures and strategy.

International Advisory Board Members

Chair

Daya Reddy

President, International Science Council
(ISC)
